

May 6, 2015

I am interested in being appointed to the Housing and Community Development Commission (HCDC) as a citizen member. I have served on the HCDC for about 6 years during my time as the Village President of Volo where I served for 20 years. During that time, Volo grew from 180 to 3,000 people. I did not run for re-election as Village President, but have thoroughly enjoyed my position on the HCDC and would like to continue on the commission in order to help effectively allocate CDBG, HOME and ESG funding in Lake County.

Sincerely,

Burnell Russell
