All fees will be increased annually based on the Lake County Consumer Price Index.

Any fee in this schedule of fees may be waived or reduced by the Health Officer based on hardship, for public health reasons, or to commemorate public health awareness events/celebrations.

| Fee for Board of Health Hearings<br>ISD, Food, Well and Nuisance Violation Appeals<br>The Board of Health Hearings Committee may waive the fee based on hardship.  | \$320 |
|--|-------|
| Fee for requested and/or required inspections of facilities where no fee is specified by this schedule of fees.<br>Examples include, but are not limited to: massage therapy facilities, tattoo parlors, medical facilities<br>or recreational facilities. | \$264 |

#### Late Fees for Food Service, Retail Food, or Non-Community Permits and Annual Licenses for Installation Contractor, Designer, Service Provider, Pumper or Soil Scientist

A twenty-five percent (25%) late fee will be charged to the above listed permit/license holders who do not pay their annual fee by February 1.

#### Permit Fees for Food Service Establishments

New food service establishments, retail food establishments and vending machine permits opening six (6) months or more after the permit due date will be assessed 50% of the appropriate fee.

Not-For-Profit Category I Events and Not-For-Profit Category II and III Events with a Certified Manager or Trained Operator are exempt from the permit fee.

\* Temporary Season Fee allows a vendor to submit applications for multiple events during the calendar year, provided the full fee is paid with the first application.

\*\* Permit holder has an operator present at the event who has successfully completed an IL Dept of Public Health certified manager's course, or has attended a Lake County Health Dept temporary event training course within that year.

Temporary Event Permit Late Fee A late fee will be charged when a For Profit Vendor has not applied and paid for a permit a minimum of seven (7) days prior to the event. \$33

| Licenses for Annual Swimming Facilities shall be vaild from May 1 though April 30   |               |
| License for an <b>Seasonal Swimming Facility</b> where there is one Swimming Facility at a location<br>License for each <b>Additional Seasonal Swimming Facility</b> where there are multiple Swimming Facilities at a location   | \$206<br>\$52 |
| Licenses for Seasonal Swimming Facilities shall be vaild from May 1 though November 1   |               |
| * Public Bathing Beaches shall be exempt from License fees  |               |
| Fees for Water Analysis   |               |

| Fluoride Analysis   | <del>\$10</del> |
|---|-----------------|
| Bacteriological Analysis  | <del>\$16</del> |
| Pick-up of sample(s) at central location  | \$22            |
| Collection of sample from the premises (per each visit)                                   | \$56            |
| These fees are not applied when a communicable disease is suspected or when the sample is |                 |
|   |                 |

requested by the Health Department for other public health reasons.

| Other types of analysis available: |                              |                               |                              |
|------------------------------------|------------------------------|-------------------------------|------------------------------|
| Alkalinity                         | <del>\$8</del>               | MTF Technique (bacteriology)  | \$28                         |
| Ammonia                            | \$12                         | Nickel                        | <del>\$24</del>              |
| Arsenic                            | <del>\$2</del> 4 <u>\$25</u> | Nitrate (analytical)          | \$12                         |
| Biochemical Oxygen Demand (BOD)    | \$20                         | Nitrite                       | <del>\$11</del>              |
| Boron                              | <del>\$17</del> <u>\$15</u>  | Ortho-Phosphate               | \$15                         |
| Cadmium                            | <del>\$2</del> 4 <u>\$25</u> | pH                            | \$8                          |
| Chemical Oxygen Demand (COD)       | <del>\$17</del>              | Sulfate                       | <del>\$17</del> <u>\$15</u>  |
| Chloride                           | \$12                         | Total Dissolved Solids        | \$15                         |
| Chromium                           | <del>\$2</del> 4 <u>\$25</u> | Total Iron                    | \$15                         |
| Copper                             | <del>\$15</del>              | Total Kjeldahl Nitrogen (TKN) | <del>\$2</del> 4 <u>\$25</u> |
| Hardness                           | <del>\$11</del>              | Total Phosphorus              | <del>\$17</del>              |
| Lead (drinking water)              | <del>\$24</del>              | Total Solids                  | \$15                         |
| Lead (non-drinking water)          | \$15                         | Total Suspended Solids        | \$15                         |
| Manganese                          | \$15                         | Volatile Solids               | <del>\$11</del>              |
|                                    |                              | Zinc                          | \$15                         |

The Population Health Services Director may discount laboratory fees for large volumes of analytical work scheduled in advance.
