

Brad,

It's been a great privilege and honor to serve as Vice Chairman of the Lake County Zoning Board. We have an outstanding board that works well together and a great staff to help us.

My term is up in May 2016 and I am respectfully asking the County Board to appoint me to another term.

Should you or the board have any questions, please do not hesitate to contact me.

Thanks and I look forward to continuing to serve and continue to help make Lake County a great place to live and work!

Greg Koeppen
