

Sandra,

Thank you for your email. I'm attaching my resume to summarize my background. In addition, I am interested in joining the board in order to participate in discussions and recommendations regarding options for addressing mosquitoes in Lake Bluff. I believe there are a number of safe and cost effective alternatives available and would like to ensure these are considered. As a mother of four young children and a taxpayer, I am very conscious of, first, how taxpayer money is spent, and, second, whether our community is using the least toxic/most effective methods available.

Best regards,

Katy
