Award Amount: **\$512,245 and \$196,500 annually**

### Joint Purchase Information

#### Scope of Work:

Lake County Sheriff's Office began using Axon body cameras for sworn officers in 2017. Purchasing the Axon Fleet dashboard camera system allows for an integrated camera system which will automatically activate based on configurable inputs and via built in sensors. Axon Fleet allows for wireless offload to occur when the vehicle pulls into either the downtown Waukegan or Libertyville Sheriff facility. Axon Fleet implementation workflow will be streamlined through the Sheriff Offices' current use of Axon body worn cameras with wireless offloading into evidence.com, redaction technology, and prosecutor sharing abilities. Lake County Sheriff will own all data entered into evidence.com and will have the ability to move all data to a different storage site after the termination of this contract.

**Procurement Method:**

In accordance with Section 10-101 of the Lake County Purchasing Ordinance, the County Purchasing Division has identified a competitively solicited and awarded cooperative purchasing contract for cameras and law enforcement equipment services offered by Axon Enterprises, Inc. Scottsdale, AZ, through the National Purchasing Partners.

**Department Recommendation:**

The Purchasing Division vetted the agreement with Axon Enterprises, Inc through the National Purchasing Partners and determined that it met the requirements pursuant to State of Illinois Joint Purchasing Act and the Lake County Purchasing Ordinance. Lake County may participate in joint purchasing agreements for the procurement of goods with one or more public procurement units in accordance with an agreement entered into between the participants.
