

STORMWATER MANAGEMENT COMMISSION
MEMORANDUM

February 26, 2019

To: Stormwater Management Commission
From: Kurt Woolford, Chief Engineer
Mike Warner, Director
RE: Grassmere Farm Subdivision / Route 59 Drainage Restoration Project, North Barrington

ACTION REQUESTED: Project Funding Reduction and Transfer

The Grassmere Farm Subdivision drainage project was underway in 2018 with an approved agreement for \$15,750 of SMC funding. This project has been completed and flooding for North Barrington residents and motorists along Route 59 has been alleviated.

The Fiddle Creek project area has been partially cleared of vegetation, which will reduce overall projected expenses. Staff request a \$15,750 reduction of project funds from the Fiddle Creek Stream Maintenance project to be transferred to the Grassmere Farm Subdivision project:

Project	FY19 Carry-Over Balance	(Reduction)/Addition	Requested Project Funding
Fiddle Creek	\$57,265.00	(\$15,750.00)	\$41,515.00
Grassmere Farm	\$0	\$15,750.00	\$15,750.00

The requested project funding reduction and transfer is within the Contractual Services account: 212-4201010-79940.

Please let me know of any questions or comments. Thank you.
