*Please find my Report for activities since the last County Board meeting on April 9, 2019. Once again, I am honored to serve you as Chairwoman of the Lake County Board and I look forward to working with you and continuing our efforts on bipartisan policies and legislative matters. We have had a busy six months since our new board was seated, focusing on good government, collaboration, and transparency. As your Chairwoman I will continue to listen to understand, debate respectfully, and seek common ground.*

*Thank you, Lake County Employees!*

*As I've been meeting with elected officials, business leaders, and residents across Lake County, I consistently hear about the professionalism and dedication of our Lake County staff. To that end, I have scheduled some early morning meetings with different departments so that I may thank them on behalf of the Board for their hard work and for making our jobs easier! These meetings will continue through 2019.*

#### *Police Memorial Service*

*On Friday I was honored to speak at the Annual Police Memorial Service. Vice Chair Cunningham, Member Didech, and Member Wasik also attended. #### *Governor Pritzker*

*I had the honor of meeting with Governor Pritzker to discuss Lake County infrastructure needs.*

#### *Mental Health*

*Last month we held our Crisis Center Workshop, designed to bring stakeholders together to determine next steps regarding a Crisis Center for the people of Lake County. Over eighty people attended who then committed to joining work groups focused on the various different areas to bring this project to fruition. Many thanks to Donna Jo Maki and communication staff for their hard work on this.*

#### *State Senate Subcommittee on Capitol*

*We thank State Senator Melinda Bush for bringing the Senate Subcommittee on Capitol Hearing to the University Center here in Lake County! These hearings usually occur in Springfield or Chicago, and we are very grateful to Senator Bush for making it convenient for Lake County residents and officials to present our needs. I worked with Shane Schneider and Mike Warner to discuss infrastructure needs (stormwater and roads), affordable housing investment, and behavioral health.*

#### *Large County Caucus*

*I am honored to be appointed as the Chairwoman of the Large County Board Caucus (LCBC), which works within the framework of Illinois State Association of Counties (ISACO). Membership is made up of counties of over 100,000 people or greater, and will meet at least quarterly.*

*Based on recommendations from the U.S. Environmental Protection Agency (EPA), the preliminary plan includes one vendor being hired to collect air quality samples from four sites near Vantage and four sites near Medline. Samples will be collected at two additional remote sites to provide background levels of EtO. Samples will be collected every third day for one month.*

*On April 10, the Health Department received confirmation that the Agency for Toxic Substances and Disease Registry will perform a health risk assessment based on the air sampling results.*

*MetraMore is Heralded by the Business Community*

*Over 100 local leaders, including Chair Sandy Hart and Board Member Mike Rummel, recently celebrated the launch of MetraMore—a new schedule on the Metra Milwaukee District North Line that makes it easy to get back and forth between Lake County and Chicago during peak commute hours. MetraMore is the result of a groundbreaking collaboration among corporate and community partners, and it is currently in a 2-year pilot phase, with long-term viability dependent on ridership. *The Life Sciences are Booming in Lake County*

*Crain's Chicago Business recently reported on a study that examined manufacturing job postings nationwide and produced findings which underscore observations from executives and economic development professionals: healthcare manufacturing is booming in Lake County. The data points to Lake County's strong position at the crossroads of precision manufacturing and biopharma. Lake County Partners' own analysis finds that more than one in seven jobs in Lake County is in manufacturing—more than in any other private sector industry. Furthermore, 53% of the entire state's biopharma and life sciences output comes from Lake County, generating nearly \$12 billion in 2018 alone. Lake County is indeed a powerful hub for life sciences, with local companies regularly receiving prominent recognition, as was the case with Fortune's recent listing of the top places to work in biotechnology, which ranked AbbVie #1 and Horizon Pharma #3.*
