Waukegan, IL 60085

Dear Mark,

It is my pleasure to inform you that the Gorter Family Foundation (GFF) Board has approved a three-year grant of \$40,000 per year to the Health Department for the support of a new Coordinated Intake Program for Home Visiting in North Chicago. In partnership with the Steans Family Foundation, it is our understanding that the combined grants will cover the expenses of a Coordinated Intake Specialist to establish the program.

The GFF believes that the early childhood years are the most critical in determining good educational outcomes, and we are excited to pilot this position together with the Health Department and Steans Family Foundation.

Best Regards,

Cheri Richardson
Executive Director
