

Thomas & Lynn Doolittle

THOMAS DOOLITTLE

Thomas and Lynn Doolittle have been residents in Lake County all their lives. In 1983 they purchased 110 acres on Savage road and discovered that a drainage district ran through the middle of the property. Tom worked tirelessly to reorganize the Grub School Drainage District and reactivate it. Since that time he has also worked hard with his board of commissioners to keep the ditch open and working as it should and keeping the tiles repaired and in working order. He has also worked with the neighbors on specific problems associated with the drainage in the district.

Tom has farmed with his family since 1969 and continues to improve on the methods used in his farming career. He and his wife still reside on the family farm on Route 173 east of Antioch, have two grown sons and crop about 1,100 acres of corn, soybeans, wheat, oats and hay.

Tom has served on the Lake County Farm Bureau board since 1979, is a past Young Farmers Chairman and is currently the Farm Bureau board Treasurer. He has also served as Vice President and Board President during his years with the Farm Bureau.

Tom wishes to continue working with the Grub School Drainage District for the foreseeable future as there are still some projects he wishes to complete.

Thank you for your consideration.

Thomas Doolittle
