

Alex Miller

I graduated from Central High School in Paddock Lake in 2005

I started working for Illinois Mac in Freemont straight out of High School and learned Diesel Technology repairs from Bill and Ann Steffenhagen, the owners.

CIT bought out the business a several years ago and I went to work for Ozinga for 3 years repairing their trucks.

I again switched jobs and went back to work for Central IL Truck (CIT)
I was recently promoted to Service Mgr at Central IL Truck
Freemont, IL

I have been a Diesel Tech for 15 yrs.

When my uncle died my brother and I inherited his farm and along with our Great Uncle, we now manage the 160 acre farm along with some lake property with cabins on it.

The Grub School Drainage District runs through the middle of this property and I would be glad to serve as a commissioner on the board.

I would appreciate your consideration as a Grub School Drainage District Commissioner.

Thank you

Alex Miller
