Scope of Work:
 the objectives of this project will be the development of logical, scalable improvements to wayfinding at the Waukegan campus with specific focus on the integration of a digital signage solution to achieve the following goals:

- Improve navigations and access to high volume destinations located between the north security screening (northern-most entrance adjacent to public parking ramp) and the Babcox Justice Center (southern-most building).
- Develop common nomenclature for building and service identification.
- Identify protocol and responsibilities for management and upkeep with various aspects of the wayfinding solution.

Department Recommendation:
 In accordance with the Local Government Professional Services Selection Act, a firm may be selected directly by the County based on satisfactory relationship.
