\* Illinois law generally regards these stipends to be "in addition to" or "separate and apart" from the compensation established by the County Board and prohibits the County Board from reducing or impairing the salaries of a County officer as a result of these stipends.

\*\* The State establishes and is responsible for the salary of the Regional Superintendent of Schools pursuant to 105 ILCS 5/3-2.5. The State salary is determined each year for the State's fiscal year, July 1 - June 30. In accordance with the Illinois School Code, county boards may provide for additional compensation for the regional superintendent. Lake County adjusts the stipend to ensure that the total salary is equivalent to other elected officials.

\*\*\* The State salary has not yet been determined so the County salary is estimated based on a flat State salary. The actual County salary amount will be based on the established State salary.

\*\*\*\* The State's Attorney's salary is established by the State, paid by the County and fully reimbursed by the State.
