*Mr. Shaughnessy & Mr. Warner,*

*We would like to express our sincere appreciation for two of your outstanding employees. My wife and I are very vested in keeping the Sequoit creek waterway flowing at a level that will not flood our Loon Lake neighborhood. We probably have reached the nuisance level with Kurt and Eric, but even when the phone calls from us get obnoxious, Kurt and Eric continue to have the best attitude. We recently worked with Kurt to resolve a blockage issue in the Sequoit creek flowage on the north side of Route 173 in Antioch. Kurt organized a crew, including Eric Ring, to remove the blockage and reestablish level water flow in the creek. It is incredible how often both Kurt and Eric go above and beyond. We have come to rely on their assistance when we have a flooding issue or when we recognize a blockage - both of them take ownership depending on whose team it falls to. So hats off to Kurt and Eric! Once again you have saved the day and kept us from having to build the ark! We really enjoy working with you!*

*Mr Shaughnessy and Mr. Warner, please recognize and pass on our eternal appreciation for all these gentleman do not only for us, but for Stormwater Management and Antioch Township.*

*Joe and Laura Falotico*
