

Lake County Capital Improvement Plan Project Slides

Facilities and Construction Services

June 05, 2020

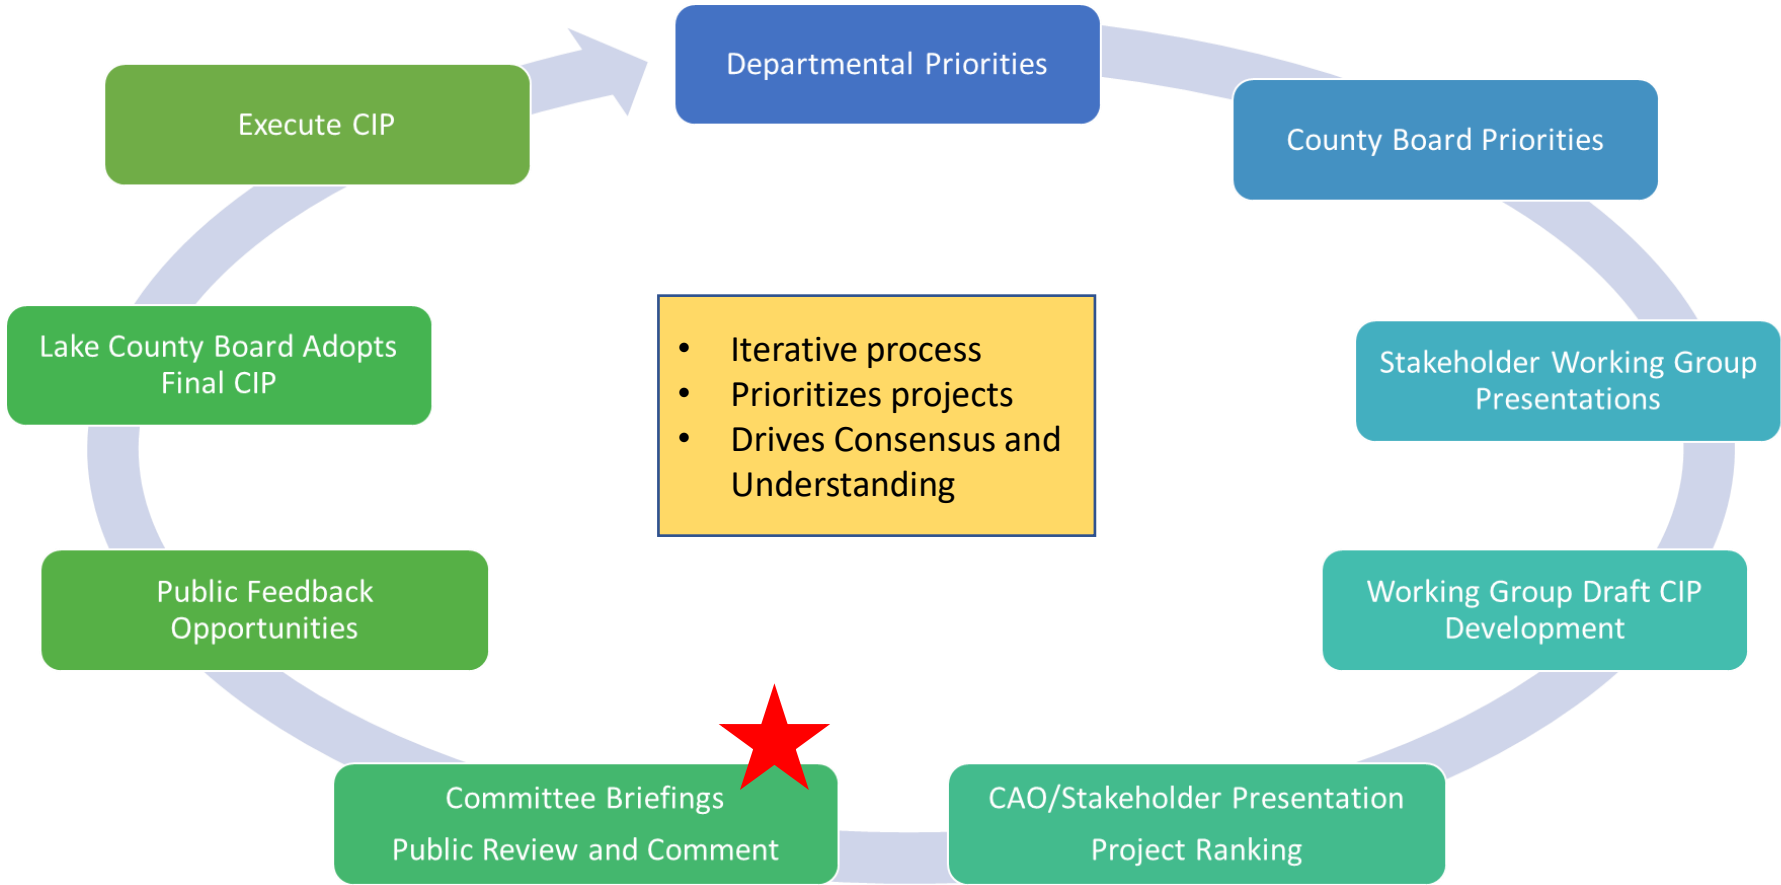

Lake County's Mission

Deliver exceptional, financially and environmentally responsive/responsible services that promote a safe, affordable, healthy, and resilient community.

Overview of Capital Improvement Plan Process

PROPOSED FIVE
YEAR CAPITAL
IMPROVEMENT
PLAN 2021-2025

Lake County Integration Group (LCIG)

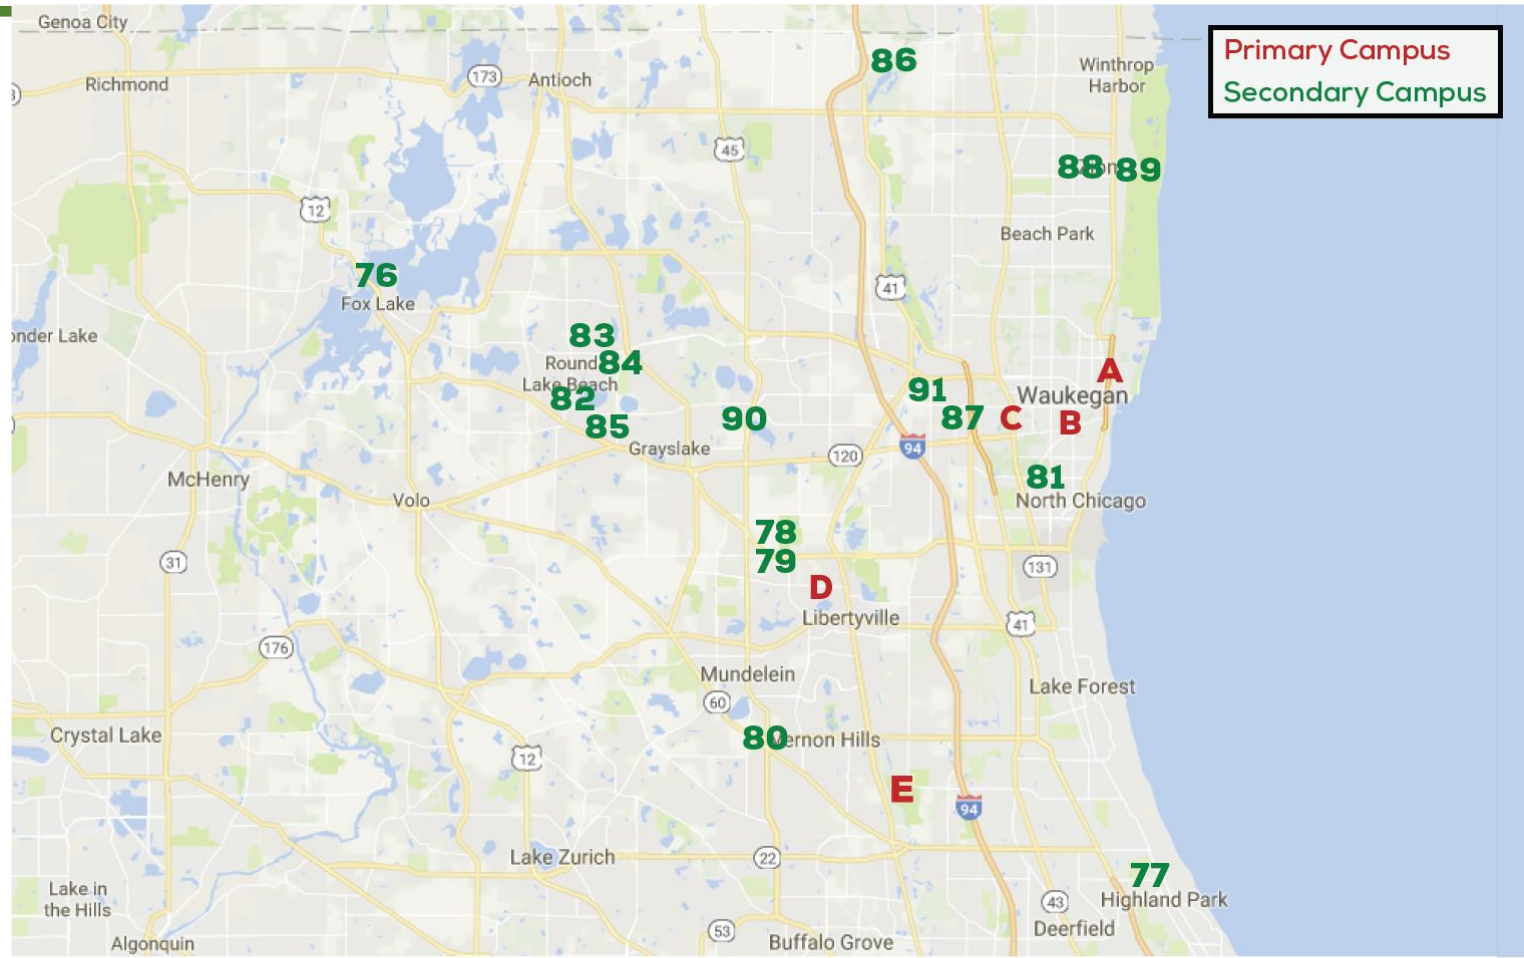

PROPOSED FIVE
YEAR CAPITAL
IMPROVEMENT
PLAN 2021-2025

- **LCIG Working Group developed projects with stakeholders**
- **LCIG met to review all proposed projects. Goal:**
 - Increase understanding of all County priorities
 - Generate discussion on importance of investments
 - Develop unified plan of execution
- **Projects ranked by LCIG and passed to County Administrator for review and prioritization**
- **Next Step:**
 - County Board Member review and comments
 - Public Review
 - CFO funding options

PLAN 2021-2025

Projects in CAO Prioritized Order:

- Winchester House Demo
- 911 Dispatch/EOC/ETSB Center
- Sheriff's Public Safety Building
- Courts - Depke Juvenile Justice Center Renovations
- Coroner's Office
- Admin Tower - 10th Floor Improvements
- Child Advocacy Center
- Courts - Court Tower - 4th Floor Build-Out
- Sheriff's Marine Base
- Courts - Annex Renovations (1st - 4th Floors)
- Courts - Main Courthouse Renovations (1st - 4th Floors)
- Sheriff's Shooting Range
- Sheriff - Babcox Administration Renovations

Winchester House Demolition

Libertyville, \$2.5M

Project Scope and Requirement

Project Graphic

Executable Year:

2021

- The southeast corner of the Libertyville campus currently contains the Winchester House, the Sheriff's Office Highway Patrol and the 911/EMA Communication Center. These three facilities have exceeded their useful life and no longer meet the requirements of the departments.
- Multiple options exist for property:
 - Keep structure, include in follow up development
 - Demo structures and sell property to a developer
 - Demo structures and retain property
- Eliminating unneeded property that will become a maintenance burden once the facilities are vacated, thus, reducing the risk and liability exposure.
- Create a positive cash flow for the County to help fund future Capital Program requirements.
- Design contractor already in place.

Capability Risk

New Program: N

Priorities

Department: 1

Stakeholders: 1

CAO: 1

Urgency: Y

ROI: --

- Clearing and selling the property results in approximately \$10.5M in revenue for the county. This option requires more due diligence for the Owner up front and additional resources to address demolition of the existing structures; however, the reduced risk and the increased attractiveness of a cleared site is anticipated to result in a higher purchase price.
- Leaving the property In--Situ results in an approximate \$5M Net Revenue for the county. This option requires less up-front time and resources from the County but places more burden on the developer/buyer in terms of due diligence. The additional risk of addressing the existing structures and unknown underground accessories is anticipated to lower the overall purchase price of the property.
- The "Clear and Sell" option appears to be the most viable option in terms of yielding a more desirable net revenue in a shorter timeframe.

Demolition 11

Winchester House Demolition Libertyville Campus, \$2.5M

PROPOSED FIVE
YEAR CAPITAL
IMPROVEMENT
PLAN 2021-2025

- **FCI: 0.60**
- **Alternate solutions:**
 - Fully repair mechanical equipment to bring facility to full operations: \$35M to \$40M
 - Status Quo, (leave in-situ): secure building utilities and make structure safe: \$100K annually
 - Demo structures and retain property for future development: \$2.5M to demo, \$50K annual for maintenance of property
- **Follow-On Work:**
 - Land development approval from Libertyville Planning and Zoning
 - Temporary grounds improvements
- **Impacts: community relations**
- **Cost Saving (CS):**
 - \$1.2M in contracted staff and utilities costs
 - \$100K tax levy is eliminated
- **Cost Avoidance (CA):**
 - \$50K annually in grounds/facilities maintenance

911 Dispatch/EOC/ETSB Center Libertyville, \$34.7M

Project Scope and Requirement

- New facility to provide purpose-built facility for 911, EMA and ETSB staff. Building will provide:
 - Comprehensive functional space design.
 - Separated building with potential “link”
 - Shared Staff Services with the Consolidated Public Safety Facility
 - Non-consolidated Replacement Strategy
 - PSAP Co-Location/Consolidation Strategy
 - Flexibility for space to be leased
- New building will continue to advance efforts toward regional consolidation of Emergency Telephone System Boards (ETSB) and Public Safety Answering Points (PSAP). This will result in a reduction of call transfers and service delays, while providing the same or better service more efficiently.

Project Graphic

Executable Year:

2022

Capability Risk

- Provide necessary structural protections from Severe weather, and Active threats against government assets & services. Provide adequate and healthy workspace areas. Increased size of workstations and training spaces. Provide needed permanent housing areas for necessary emergency 911 technical equipment.
- Modernize the buildings environmental factor controls. Provide essential employee break areas and wellness space. Provide dedicated break areas and bathrooms. Provide 911 dispatchers a building designed with their wellness in mind - due to their chaotic and stressful positions operating 24/7.
- Next Generation 911 (state mandated July 1, 2020) requires additional space requirements for added equipment. Several industry operational standards (NFPA, APCO, and NENA) are not met with the current facility.

- **FCI: 0.23**
- **Alternate solutions:**
 - Move 911 to basement of Central Permit Facility: \$2M to \$5M
 - Status Quo: no financial impacts
- **Follow-On Work:**
 - Demolition of old structure and temporary grounds improvements
 - Land development approval from Libertyville Planning and Zoning, Radio Tower/FCC
- **Impacts: Design and Construction coordinated with Sheriff's Public Safety Building**
- **Cost Saving (CS) and Cost Avoidance (CA): none, new program**

Sheriff's Public Safety Building

Libertyville, \$38M

Project Scope and Requirement

- Construction of a new Consolidated Public Safety Facility to replace the existing Sheriff's Office Highway Patrol Facility on the County's Libertyville Campus. Consolidates Administrative Command, Patrol, Investigations, Warrants, Records, Civil Process, Community Service, and Training.
- Project is expected to maintain and improve operational efficiency, effectiveness and collaboration while promoting community engagement, accountability and the pursuit of professional excellence. In addition to broad reaching operational considerations, key divisional adjacencies and the creation of safe, secure and efficient circulation within each facility was identified as crucial components to operational success.

Project Graphic

Executable Year:

2021

Capability Risk

- Consolidates all policing functions of the Sheriff's Office.
- Consolidated facility is centralized providing ease of access to staff and visitors.
- Support previous and additional growth within the Sheriff's Office.
- Reduce jail intakes and court appearances.
- Safe transfer arrestees into booking and holding areas.
- Provide public a centralized location to provide bond for arrestees.
- Provides sufficient space to operate.

Sheriff's Public Safety Building Libertyville, \$38M

PROPOSED FIVE
YEAR CAPITAL
IMPROVEMENT
PLAN 2021-2025

- FCI is 0.21
- Alternate solutions:
 - Critical work: operational impacts only
 - Status Quo: none
- Follow-On Work: department moves, demo, renovation
 - Sheriff's Jail Admin expands into spaces (activities and associated costs)
 - Temporary movement costs
- Impacts:
 - Jail Admin expands
 - Potential to shift Public Defender and Adult Probation
- Cost Saving (CS): Net Zero energy design will result in \$70K/annual savings
- Cost Avoidance (CA): none, increased O&M costs and personnel

Courts - Depke Juvenile Justice Center Renovations, Vernon Hills, \$20M

Project Scope and Requirement

- The construction of Phase-II is essential for the youth and families served by the court as well as the employees that devote their careers working with this population.
- If these improvements are not made services will continue to provide low quality rehabilitation services to Lake County at-risk youth.

Project Graphic

Executable Year:

2022

Capability Risk

- Up to 350 youth/families are served at any given time and over 800 youth and families are served per year.
- The existing section of facility is 60-years-old.
- Upgraded facilities to increase safety and provide additional space to deliver services to occupants
- The secure Central Control for the complex sat in between the court space, the 48-bed detention center, and the all of the offices to which juvenile clients need access. Configuration of the build creates operational inefficiencies where Clerk, State's Attorney, and Public Defender must enter/exit numerous entrances to support clients.

Admin Tower – 10th Floor, Roof, and Mechanical Improvements, Waukegan, \$7.5M

Project Scope and Requirement

- This project will comprehensively renovate critical infrastructure on the 10th floor and mechanical penthouse of the administration tower.
- Infrastructure improves include:
 - Roof replacement
 - Heating, ventilation and air condition (HVAC) equipment
 - Elevators replacement and modernization
 - Lake County Television (LCTV) production studio modernization
 - Interior space improvements
- Improvements will create better working/meeting spaces for employees, county administrators, the county board, and the public.

Project Graphic

Executable Year:

2021

Capability Risk

- Reconfiguration will maximize efficiency, flexibility and space utilization.
- Renovations will benefit the public, board members and staff with improved wayfinding, access, and transparency.
- Improvements will result in reduced energy usage, operating, and utility costs.
- Project continues and is consistent with renovations and system upgrades made to the 2nd - 9th tower floors below in 2010 - 2014.
- Project is already partially funded or will leverage alternate funds to pay for project expenses.

Courts - Court Tower – 4th Floor Build-Out

Waukegan, \$7.0M

Project Scope and Requirement

- Project completes construction of the shelled 4th floor of the Courts Tower.
- Construction permanently removes all courtrooms and ancillary support areas from the Annex.
- Project will bring State Standard Compliant Courtrooms online while decommissioning non-compliant operationally challenging courtrooms.

Project Graphic

Executable Year:

2021

Capability Risk

- Project is driver for other capital projects; Annex; Main Courthouse
- Project reduces potential risk and/or improves facility wellness performance (includes ADA, Code, Industrial Hygiene, etc.)
- Moderate improvement to the security of the public, staff, or capital asset. Extra resources are required by the justice partners to handle criminal court calls in two buildings.
- Moderate benefit to staff (med # of) including improved productivity, work environment, and alignment.
- Moderate benefit to public including improved wayfinding, access, and service. Confusion of not having all criminal courtrooms in one building.

Sheriff's Marine Base

Fox Lake, \$2M

Project Scope and Requirement

- The mission of the Marine Unit is to enforce state laws as well as local and county ordinances, and to promote safe boating.
- The current facility is a triple wide trailer. The facility is over 20 years old and is need of repair. The current facility is located on land that is leased from the American Legion. Parking is shared and sometimes limited during events. There are flooding issues on the current property and portions of the retaining wall are beginning to fall into disrepair. Utilities on this site are currently unreliable creating situations without water or sanitary service.

Project Graphic

Executable Year:

2022

Capability Risk

- The current location works well for the Marine Base, but expanding the building on this site would need to be coordinated with the adjacent landowner and may be limited.
- Utilities would need to be upgraded to create reliable service.
- The current condition of the facility and the additional space needs point towards new construction or new mobile units on this site or a nearby site and an agreement that ensures some dedicated parking.
- Property is not owned by County.

Courts - Annex Renovations (1st – 4th Floors), Waukegan, \$34M

PROPOSED FIVE
YEAR CAPITAL
IMPROVEMENT
PLAN 2021-2025

- **FCI: 0.24**
- **Alternate solutions:**
 - Critical work: HVAC and electrical improvements; \$2M to \$4M
 - Status Quo: \$100K annually for emergency repairs
- **Follow-On Work:**
 - 3rd Floor of Courts Tower temporary build-out: \$3M
 - Multiple departmental moves
 - Consolidate Court Administration
 - AOIC Petition for Variance for remaining Lake County courtrooms after vacating Annex
- **Impacts:**
 - Potential to consolidate Waukegan functions
- **Cost Saving (CS):** minimal energy savings
- **Cost Avoidance (CA):** Eliminate Lease space \$77K annually

Courts - Main Courthouse Renovations (1st – 4th Floors), Waukegan, \$54M

Project Scope and Requirement

- This project will fully renovate and modernize Lake County court rooms. Work will include: removal of hazardous substances, replacement of original mechanical, electrical, and plumbing systems, installation of a fire protection system, augmentation of several courtrooms to provide ADA compliance, repurposing of central core at each floor to provide conferencing suite, repurposing of perimeter offices to restore attorney client conference rooms.

Project Graphic

Executable Year:

2023

Capability Risk

- Courtrooms do not meet Supreme Court Standards in ceiling height and other requirements. See e.g., Standards, sec. 3.1, 3.2, 3.5.

- **FCI: 0.39**
- **Alternate solutions:**
 - Critical work: Mechanical, Electrical, Fire Protection, Plumbing, and Abatement; \$30M
 - Status Quo: \$500K annually for emergency repairs
- **Follow-On Work:**
 - 1st floor Lobby, County Clerk, Treasurer, and Basement renovation
 - AOIC Petition for Variance for remaining Lake County courtrooms after vacating Annex
- **Impacts:**
 - Multiple court room moves necessary
 - Potential to consolidate Waukegan functions
 - Potential to reutilize 1st floor as separate function
- **Cost Saving (CS): \$100K energy savings**
- **Cost Avoidance (CA): Annual emergency repairs**

Sheriff's Shooting Range

Zion, \$5M

Project Scope and Requirement			Project Graphic	Executable Year: 2024	
<ul style="list-style-type: none">This project will provide state-of-the-art space training functions; classroom, scenario / breakout, office, bathrooms, weapons cleaning, storage, and employee wellness areas.Project is expected to improve services to clients by:<ul style="list-style-type: none">Providing multiple types (classroom, simulator, defensive tactics) of training need for certifications.Increasing the size of the facility to accommodate larger groups.Improve accommodations for inclement weather during indoor and outdoor training.					
Capability Risk			New Program: Y		Priorities
<ul style="list-style-type: none">The LCSO has operated a shooting range on the northernmost edge of the Illinois/Wisconsin border since the early 1980's. It is one of very few year-round, outdoor, shooting ranges capable of accommodating long gun practice for area law enforcement.In 2005 Lake County entered a multi-year land lease with an emergency response training facility, which restricted development by the County outside of a 10-acre parcel. The available acreage is largely built out for use by the range, training facility, parking, and well and septic systems.Relocation to a new facility in Lake County may be difficult due to zoning requirements, available land, and public sentiment. IMPROVEMENT
PLAN 2021-2025

- **FCI: 0.51**
- **Alternate solutions:**
 - Renovate current buildings and structures: \$500K
 - Status Quo: minor investments to keep running
- **Follow-On Work:**
 - Negotiate expansion of Lake County run facilities on north end of property
 - Utilities connections (water and sewer)
- **Impacts:**
 - Temporary relocation of training
 - Modify LCARTA lease agreement
- **Cost Saving (CS): none, new footprint**
- **Cost Avoidance (CA):**
 - Training held completely on Lake County property.

Sheriff – Babcox Admin Renovations

Waukegan, \$15M

Project Scope and Requirement		Project Graphic	Executable Year: 2025									
<ul style="list-style-type: none">• Provide sufficient operational space for Sheriff's Administration and jail operations. Renovation will:<ul style="list-style-type: none">– Support previous and additional growth within the Sheriff's Office– Improve corrections operations and training spaces– Dedicated work-space for supervisors and daily shift briefings– Increases Jail Medical spaces– Provides space for Pre-Trial services, office space and interview rooms• Project dependent on Sheriff's Public Safety Building construction
