

**AGREEMENT between the
LAKE COUNTY STORMWATER MANAGEMENT COMMISSION
and VILLAGE OF LIBERTYVILLE for
CHARLES BROWN PARK WETLAND DETENTION AND FOREBAYS PROJECT**

Project No. SMC-WDP-18-247

This is an agreement by and between the LAKE COUNTY STORMWATER MANAGEMENT COMMISSION (herein referred to as **SMC**), 500 West Winchester Road, Libertyville, Illinois 60048 and the VILLAGE OF LIBERTYVILLE, (herein referred to as **RECIPIENT**), 118 West Cook Avenue, Libertyville, Illinois 60048.

PURPOSE

Through this Agreement, SMC agrees to provide one hundred thirty-five thousand nine hundred eighty-seven dollars and fifty cents (\$135,987.50) of Illinois EPA Section 319 funds to the RECIPIENT for the Charles Brown Park Wetland Detention and Forebays Project (**PROJECT**) as a reimbursement of PROJECT costs. Reimbursement will be provided following:

- submission of a landowner agreement (this Agreement) for the PROJECT, Illinois EPA "Estimated Best Management Practice (BMP) Application Form", a 10-year operation and maintenance plan, and approval of the PROJECT design and specifications;
- successful implementation of the PROJECT in conformance with the approved design plan and specifications; submission of a final PROJECT report including photo documentation and the Installed Best Management Practices (BMP) Form; and receipt of vouchers or other evidence of expenditure of funds or evidence of in-kind services as agreed upon in the 319 Grant proposal and budget, or in a revised budget or schedule accepted by both parties to this Agreement and the Illinois EPA.

The Scope of Work is described below and in Attachment A and the PROJECT Budget in Attachment B. Reimbursement shall be made upon receipt and approval of the grant documentation required by the Illinois EPA Financial Assistance Agreement in accordance with the PROJECT schedule (Attachment C). The RECIPIENT shall provide, at minimum, the match amount of one hundred forty thousand three hundred eighty-seven dollars and fifty cents (\$140,387.50) or no less than fifty-one percent (51%) of the total PROJECT cost in matching funds of cash or approved in-kind services or materials. The PROJECT replaces other work within a Section 319 grant, therefore the minimum percentage of match and match dollar value requirements indicated were set prior to inclusion of this PROJECT as a Section 319 grant project.

SCOPE OF WORK AND SCHEDULE OF COMPLETION

The Scope of Work is summarized below and is further described in the Recipient's grant proposal, which is included as Attachment A. The Schedule for completion of the PROJECT including grant documentation and PROJECT implementation is included as Attachment C.

The RECIPIENT agrees to restore 9.9 acres of wetland detention, uplands, and 0.8 acres of sediment forebays in the Charles Brown Park detention basin. The PROJECT includes excavation of the sediment forebay areas, stabilization of the forebays, and seeding/blanketing of the wetland detention areas.

The RECIPIENT agrees to:

1. Design Specifications - The RECIPIENT shall prepare design plans and specifications (Design) for the construction of BMPs to reduce nonpoint source pollution. The Designs shall describe the implementation of 9.9 acres of wetland detention and 0.8 acres of sediment forebays in Charles Brown Park.

The BMPs shall be designed to filter runoff so as to remove suspended sediment, nutrients, and other suspended and soluble nonpoint source pollutants as well as reduce runoff volume and velocity while providing other beneficial hydrologic functions.

The Design shall identify the type and general locations of the BMPs listed above, and provide detailed information for their unit cost and quantity, location, design, maintenance, installation and construction, and materials used including plant species. The Design shall also include an estimate of pollutant removal efficiency calculated using the Illinois EPA's Estimating Pollutant Load Reductions for Nonpoint Source Pollution Control BMPs workbook. The Design shall meet the requirements of the current Illinois Urban Manual and the Native Plant Guide for Streams and Stormwater Facilities in Northeastern Illinois. The Design must be certified by a registered professional engineer or NRCS staff unless the RECIPIENT obtains a waiver of this certification requirement from the Illinois EPA. An electronic copy or two (2) paper copies of the draft Design and "Estimated BMP Application Form" shall be completed and submitted by the RECIPIENT SMC by January 31, 2019. An electronic copy or two (2) paper copies of the final Design and "Estimated BMP Application Form" shall be completed and submitted by the RECIPIENT to SMC by June 15, 2019.

2. Permits and Landowner Agreements - The RECIPIENT shall secure all necessary permits prior to the implementation of the Design developed under Item 1 of this Agreement. The RECIPIENT shall enter into appropriate legally binding arrangements to ensure that the BMPs are maintained as designed and that the operation and maintenance procedures are implemented for at least ten (10) years from the implementation of the BMPs. The RECIPIENT shall submit a copy of the permits and executed arrangements, if needed, to SMC by July 1, 2019.
3. Operation and Maintenance Plan - The RECIPIENT shall develop an Operation and Maintenance Plan (O & M Plan) for the BMPs implemented under Item 1 of this Agreement to ensure their long-term viability (at least ten years). The O & M Plan shall identify regular inspection needs and appropriate management activities such as sediment and debris removal, replacement of vegetation and hardware, chemical treatment, etc. The O & M Plan shall identify both coordinating (i.e., local governments) and participating (i.e., citizen groups, landowners) parties to carry out inspection and management needs and the financial resources necessary for implementation of the O & M Plan. A draft of the O & M Plan shall be completed and submitted by the RECIPIENT to SMC by January 31, 2019. The final O & M Plan shall all be completed and submitted by the RECIPIENT to SMC by June 15, 2019.
4. Design Implementation - The RECIPIENT shall implement the Illinois EPA approved Design developed under Item 1 of this Agreement. Note: Design implementation may not begin prior to the delivery and approval of SMC and Illinois EPA of the following documentation: design specifications including the pollutant load reduction worksheet, Estimated BMP application form, permits, landowner agreement, and the 10-year O & M Plan. The RECIPIENT, or its Assigns, ***will notify SMC prior to the start of construction and will participate in a pre-construction meeting*** including any required permitting agencies and the SMC project manager and environmental inspector.

Construction and implementation of the Design developed in accordance with Item 1 of this Agreement must begin by October 15, 2019. In the event that construction and implementation of the Design developed in accordance with Item 1 of this Agreement has not begun by October 15, 2019, the RECIPIENT shall immediately discontinue all work on the PROJECT, unless an extension is requested by the RECIPIENT, and approved by the Illinois EPA prior to October 1, 2019. SMC must receive an extension request no later than **September 15, 2019** in order to meet the firm October 1, 2019 extension approval deadline for start of implementation. In the event of such a discontinuation of work, no costs incurred in association with the PROJECT will be eligible for reimbursement by the Illinois EPA.

The RECIPIENT shall complete the installation and construction of the BMPs by December 31, 2019. Photographic documentation of Design implementation shall be completed and submitted by the RECIPIENT to SMC by December 31, 2019.

5. Signage - The RECIPIENT shall erect one or more "Work in Progress" sign(s), provided by SMC, **prior to the start of design implementation**. The sign(s) shall remain in place throughout the installation of the BMP(s) and for a period thereafter as mutually agreed upon by the RECIPIENT, SMC and the Illinois EPA.
6. PROJECT Evaluation and Report - A final report is required and shall consist of: an introduction; PROJECT description including pre and post conditions, type and location of practices, methods of practice installation; a summary of the units of BMPs installed; PROJECT evaluation/benefits including but not limited to improvements in water quality, urban stormwater runoff control, habitat improvement and erosion control; operation and maintenance strategy description; a PROJECT cost summary; the PROJECT tasks and a summary of PROJECT findings including the cost-effectiveness of the selected practices in relationship to alternative management strategies; and lessons learned during the installation of the PROJECT. Attachments to the final report will include a location map; the approved as-built plan and specifications; the post-implementation BMP application form; the pollutant load reduction worksheet; photographic documentation; copies of all required permits; and invoices and/or cost documentation for all PROJECT work including in-kind work and materials. SMC will provide the RECIPIENT with a template for the final report, and will provide the RECIPIENT assistance in completing the final report if needed.

An electronic copy of the draft final report shall be completed and submitted by the RECIPIENT to SMC on or before **December 15, 2019** for review and approval by SMC and Illinois EPA. The final report, including invoices and cost documentation, shall be completed and submitted by the RECIPIENT to SMC on or before **December 31, 2019** for submission to Illinois EPA.

7. PROJECT Coordination – The RECIPIENT shall be available for PROJECT coordination and progress briefings. The dates and locations of these briefings will be specified by SMC in consultation with the RECIPIENT during the course of the PROJECT. The RECIPIENT will provide SMC with a brief quarterly progress report via electronic mail or by telephone by the 1st of January, April, July and October throughout the Agreement period.

The project is located in Charles Brown Park. Two maps are attached identifying project location and proposed BMPs.

6. Project Narrative

The Charles Brown Park detention basin, when originally constructed, was not designed as a Best Management Practice (BMP) to meet water quality improvement goals, and it only served a drainage function. The Village seeks to complete a full restoration project to retrofit the basin as a BMP. Site conditions are of extremely poor quality with degraded and deteriorated areas. The project will involve retrofitting the detention basin as 10.7 acres of wetland area featuring woodland upland prairie (2.5 acres), wet prairie (2.6 acres) and aquatic/emergent vegetation (4.8 acres). Two sediment forebays will be constructed at inlet points to 'capture' sediments and particulate pollutants. The new wetland basin will provide significant water quality benefits.

Water from the detention basin directly discharges to Seavey Ditch and then to the north end of Lake Charles. Lake Charles is identified as an impaired water body on the Illinois Environmental Protection Agency's 2018 303(d) list for Total Suspended Solids (TSS), Total Phosphorous (TP) and Aquatic Plants (Macrophytes). Based on load estimation calculations, the project will significantly reduce pollutant loads and improve water quality conditions for Lake Charles. Other close downstream lakes listed for TSS, TP and Aquatic Plants that will benefit from the project are Big Bear and Little Bear Lakes. Additional impaired streams on the 303(d) list that also benefit from this project are Indian Creek (IL_GU-02) and the Des Plaines River (IL_G-36). Lake Charles is an online lake between Seavey Ditch. Seavey Ditch continues to flow from the south end of Lake Charles to Indian Creek which joins the Des Plaines River a little over 5 miles south of the project site. Estimated load reductions for TSS, TP and Biochemical Oxygen Demand (BOD), some of the causes of impairments in the 303(d) list, are listed on page 2.

The BMPs installed for this project are referenced in the Indian Creek Watershed-Based Plan which specifies the need for detention basin retrofits and redesign as a way to manage

impairments and improvement water quality. Charles Brown Park is also identified as a high priority site for wetland restoration and is listed as a recommendation in Libertyville's Site-Specific Action table in the Plan.

Performance Measures listed in Exhibit E must be reported quarterly, unless otherwise specified in PART TWO or PART THREE. Unless so specified, the first of such reports shall cover the first three months after the Award begins. If Grantee is not required to report performance quarterly, then Grantee must submit a Performance Report at least annually. In unusual circumstances where more frequent reporting is necessary some Grantees may be required to submit monthly Performance Reports; in such cases, Grantor shall notify Grantee of same in PART TWO or PART THREE. Pursuant to 2 CFR 200.328, periodic Performance Reports shall be submitted no later than 30 calendar days following the period covered by the report. For certain construction-related Awards, such reports may be exempted as identified in PART TWO or PART THREE. 2 CFR 200.328. Appendices may be used to include additional supportive documentation. Additional content and format guidelines for the Performance Reports will be determined by Grantor contingent on the Award's statutory, regulatory and administrative requirements, and are included in PART TWO or PART THREE of this Agreement.

(ii) If, during its fiscal year, Grantee expends less than \$300,000 in Federal and State Awards, but the total revenue it receives is in excess of \$300,000, Grantee must have a financial statement audit conducted in accordance with the Generally Accepted Auditing Standards (GAAS).

(iii) Grantee must submit its financial statement audit report(s) and any management letters issued by the auditor within the earlier of (i) 30 calendar days after receipt of the auditor's report(s) or (ii) 180 days after the end of the audit period.

ARTICLE XVI
TERMINATION; SUSPENSION; NON-COMPLIANCE

16.1. Termination.

(a) This Agreement may be terminated, in whole or in part, by either Party for any or no reason upon thirty (30) calendar days' prior written notice to the other Party. If terminated by the Grantee, Grantee must include the reasons for such termination, the effective date, and, in the case of a partial termination, the portion to be terminated. If Grantor determines in the case of a partial termination that the reduced or modified portion of the Award will not accomplish the purposes for which the Award was made, Grantor may terminate the Agreement in its entirety. 2 CFR 200.339(a)(4).

(b) This Agreement may be terminated, in whole or in part, by Grantor without advance notice:

(i) Pursuant to a funding failure under Paragraph 4.1;

(ii) If Grantee fails to comply with the terms and conditions of this or any Award, application or proposal, including any applicable rules or regulations, or has made a false representation in connection with the receipt of this or any Grant;

(iii) For cause, which may render the Grantee ineligible for consideration for future grants from the Grantor or other State agencies; or

(iv) If Grantee breaches this Agreement and either (1) fails to cure such breach within 15 calendar days' written notice thereof, or (2) if such cure would require longer than 15 calendar days and the Grantee has failed to commence such cure within 15 calendar days' written notice thereof. In the event that Grantor terminates this Agreement as a result of the breach of the Agreement by Grantee, Grantee shall be paid for work satisfactorily performed prior to the date of termination.

16.2. Suspension. Grantor may suspend this Agreement, in whole or in part, pursuant to a funding failure under Paragraph 4.1 or if the Grantee fails to comply with terms and conditions of this or any Award. If suspension is due to Grantee's failure to comply, Grantor may withhold further payment and prohibit Grantee from incurring additional obligations pending corrective action by Grantee or a decision to terminate this Agreement by Grantor. Grantor may determine to allow necessary and proper costs that Grantee could not reasonably avoid during the period of suspension.

16.3. Non-compliance. If Grantee fails to comply with applicable statutes, regulations or the terms and conditions of this or any Award, Grantor may impose additional conditions on Grantee, as described in 2 CFR 200.207. If Grantor determines that non-compliance cannot be remedied by imposing additional conditions, Grantor may take one or more of the actions described in 2 CFR 200.338. The Parties shall follow all Grantor policies and procedures regarding non-compliance, including, but not limited to, the procedures set forth in the State of Illinois Grantee Compliance Enforcement System.

16.4. Objection. If Grantor suspends or terminates this Agreement, in whole or in part, for cause, or takes any other action in response to Grantee's non-compliance, Grantee may avail itself of any opportunities to object and challenge such suspension, termination or other action by Grantor in accordance with any applicable processes and procedures, including, but not limited to, the procedures set forth in the State of Illinois Grantee Compliance Enforcement System. 2 CFR 200.341.

16.5. Effects of Suspension and Termination.

(a) Grantor may credit Grantee for expenditures incurred in the performance of authorized services under this Agreement prior to the effective date of a suspension or termination.

(b) Grantee shall not incur any costs or obligations that require the use of these Grant Funds after the effective date of a suspension or termination, and shall cancel as many outstanding obligations as possible.

(c) Costs to Grantee resulting from obligations incurred by Grantee during a suspension or after termination of the Agreement are not allowable unless:

(i) Grantor expressly authorizes them in the notice of suspension or termination; and

(ii) The costs result from obligations properly incurred before the effective date of suspension or termination, are not in anticipation of the suspension or termination, and the costs would be allowable if the Agreement was not suspended or terminated. 2 CFR 200.342.

16.6. Close-out of Terminated Agreements. If this Agreement is terminated, in whole or in part, the Parties shall comply with all close-out and post-termination requirements of this Agreement. 2 CFR 200.339(c).

**ARTICLE XVII
SUBCONTRACTS/SUB-GRANTS**

17.1. Sub-recipients/Delegation. Grantee may not subcontract nor sub-grant any portion of this Agreement nor delegate any duties hereunder without Prior Approval of Grantor. The requirement for Prior Approval is satisfied if the subcontractor or sub-grantee has been identified in the Uniform Grant Application, such as, without limitation, a Project Description, and Grantor has approved.

17.2. Application of Terms. Grantee shall advise any sub-grantee of funds awarded through this Agreement of the requirements imposed on them by Federal and State laws and regulations, and the provisions of this Agreement.

Grantee shall notify the Grantor if there is a change in Grantee's legal status, Federal employer identification number (FEIN), DUNS number, SAM registration status, Related Parties, senior management or address. See 30 ILCS 708/60(a). If the change is anticipated, Grantee shall give thirty (30) days' prior written notice to Grantor. If the change is unanticipated, Grantee shall give notice as soon as practicable thereafter. Grantor reserves the right to take any and all appropriate action as a result of such change(s).

18.2. Failure to Provide Notification. Grantee shall hold harmless Grantor for any acts or omissions of Grantor resulting from Grantee's failure to notify Grantor of these changes.

18.3. Notice of Impact. Grantee shall immediately notify Grantor of any event that may have a material impact on Grantee's ability to perform this Agreement.

18.4. Circumstances Affecting Performance; Notice. In the event Grantee becomes a party to any litigation, investigation or transaction that may reasonably be considered to have a material impact on Grantee's ability to perform under this Agreement, Grantee shall notify Grantor, in writing, within five (5) calendar days of determining such litigation or transaction may reasonably be considered to have a material impact on the Grantee's ability to perform under this Agreement.

18.5. Effect of Failure to Provide Notice. Failure to provide the notice described in Paragraph 18.4 shall be grounds for immediate termination of this Agreement and any costs incurred after notice should have been given shall be disallowed.

ARTICLE XIX

STRUCTURAL REORGANIZATION AND RECONSTITUTION OF BOARD MEMBERSHIP

19.1. Effect of Reorganization. Grantee acknowledges that this Agreement is made by and between Grantor and Grantee, as Grantee is currently organized and constituted. No promise or undertaking made hereunder is an assurance that Grantor agrees to continue this Agreement, or any license related thereto, should Grantee significantly reorganize or otherwise substantially change the character of its corporate structure, business structure or governance structure. Grantee agrees that it will give Grantor prior notice of any such action or changes significantly affecting its overall structure or management makeup (for example, a merger or a corporate restructuring), and will provide any and all reasonable documentation necessary for Grantor to review the proposed transaction including financial records and corporate and shareholder minutes of any corporation which may be involved. This ARTICLE XIX does not require Grantee to report on minor changes in the makeup of its board membership. Nevertheless, PART TWO or PART THREE may impose further restrictions. Failure to comply with this ARTICLE XIX shall constitute a material breach of this Agreement.

ARTICLE XX

Grantor shall notify Grantee in writing should Grantor require the transfer of such equipment. Upon such notification by Grantor, and upon receipt or delivery of such equipment by Grantor, Grantee will be deemed to have transferred the equipment to Grantor as if Grantee had executed a bill of sale therefor.

22.2. Prohibition against Disposition/Encumbrance. The Grantee is prohibited from, and may not sell, transfer, encumber (other than original financing) or otherwise dispose of said equipment, material, or real property during the Grant Term without Prior Approval of Grantor. 25.1. Independent Contractor. Grantee is an independent contractor under this Agreement and neither Grantee nor any employee or agent of Grantee is an employee of Grantor and do not acquire any employment rights with Grantor or the State of Illinois by virtue of this Agreement. Grantee will provide the agreed services and achieve the specified results free from the direction or control of Grantor as to the means and methods of performance. Grantee will be required to provide its own equipment and supplies necessary to conduct its business; provided, however, that in the event, for its convenience or otherwise, Grantor makes any such equipment or supplies available to Grantee, Grantee's use of such equipment or supplies provided by Grantor pursuant to this Agreement shall be strictly limited to official Grantor or State of Illinois business and not for any other purpose, including any personal benefit or gain.

25.2. Indemnification. To the extent permitted by law, Grantee agrees to hold harmless Grantor against any and all liability, loss, damage, cost or expenses, including attorneys' fees, arising from the intentional torts, negligence or breach of contract of Grantee, with the exception of acts performed in conformance with an explicit, written directive of Grantor. Indemnification by Grantor will be governed by the State Employee Indemnification Act (5 ILCS 350/1 *et seq.*) as interpreted by the Illinois Attorney General. 26.6. Severability. If any provision of this Agreement is declared invalid, its other provisions shall not be affected thereby.

26.7. No Waiver. No failure of Grantor to assert any right or remedy hereunder will act as a waiver of its right to assert such right or remedy at a later time or constitute a course of business upon which Grantee may rely for the purpose of denial of such a right or remedy to Grantor.

26.8. Applicable Law; Claims. This Agreement and all subsequent amendments thereto, if any, shall be governed and construed in accordance with the laws of the State of Illinois.
