PUBLIC COMMENT (ITEMS NOT ON THE AGENDA)

Public Comment was made by Margaret Carrasco of Waukegan.

CHAIR'S REMARKS

It's been a busy month, as it always is.

Over the weekend I had the chance to volunteer on Saturday at the Lake County Fairgrounds and it was pretty great to be a part of over 1,000 people getting vaccinated! I just want to say thank you to our LCHD staff and the hundreds of volunteers who have been giving their time over these last several months. If anyone is interested in volunteering, you can.

Local hospitals, businesses w/vax sites:

Baxter, Abbvie, Cancer Treatment Centers

Rosalind Franklin and Warren Township

Gurnee Park District

Lake Forest, Lake Bluff

Deerfield

YWCA, Oak Street Health Clinic

Lovell Federal Health Care Center

Last week John Wasik, Chair of Legislative Committee, staff, and I met with Congressman Schneider to go over the many infrastructure projects in the hopes that they might be

considered for federal funding. They include stormwater improvements, grade separations, bike paths, and many other projects with price tags ranging from several million to hundreds of thousands. We'll be meeting with Congresswoman Underwood this week, and hope that one or more of our projects might be considered. All of them will make enormous impacts to quality of life.

Received a letter of resignation from Roycealee Wood, our Regional Superintendent of Schools and certainly we all wish her well and thank you for her many years of service. State statute dictates that an appointment must be made within sixty days of her resignation. A press release did go out requesting resumes, and I'm pleased that several educational leaders in the region will be helping me in the selection process, including: Dr. Chala Holland, principal of LFHS and future asst. superintendent of Naperville HS; Dr. John Price, Superintendent of Schools of North Chicago; Dr. Darlene Ruscitti, current Regional Superintendent of Schools in DuPage County; Dr. Valerie Donnan, Superintendent of Schools at the Special Education District of LC. The appointment for her replacement will be on the May agenda.

Last week I attended a prayer vigil led by Member Paras Parekh and Lake County Treasurer Holly Kim in HP to raise awareness about the rising violence and harassment against Asians. I was joined by several County Board members, including Marah Altenberg, Jennifer Clark, Paul Frank, Gina Roberts, and John Wasik. We heard from several speakers who pledged to stand up and speak up for our Asian community members, and I want to thank Holly and Paras for putting this event together.

Lastly, congratulations to everyone who ran and won; thanks to those who put themselves forward. Most of the positions on the ballot this cycle are volunteer positions and are unpaid, and it is a tremendous act of giving back to your community to spend the hours necessary in order to manage your neighbor's tax dollars appropriately and lead a government agency to provide the best services possible at the lowest possible cost. Not an easy feat, and I just want to thank everyone for participating in local government, and thank those who came out to vote. In some areas the turnout was high, in others, low.

Next week we are hosting another Town Hall with Lake County Executive Director Mark Pfister, Chair Finance Paul Frank, April 21 @ 7pm.

We invite the community to provide input on proposed zoning amendments that would permit adult-use cannabis businesses subject to restrictions in unincorporated Lake County. Use this site to learn more about the zoning text amendment process and send questions, comments, concerns, and suggestions directly to our project team. All interested residents are invited to attend virtual public hearings on Monday, April 19 at 5:30 p.m. and Wednesday, April 21 at 1 p.m.

I know that our Board of Health member Ann Maine will be telling us more about the pandemic, virus, and locations, so I'll leave that to her.

HEALTH AND COMMUNITY SERVICES COMMITTEE

Board of Health Report.

Coronavirus (COVID-19) Updates:

Lake County has had over 57,000 confirmed COVID-19 cases and over 950 deaths throughout the pandemic. Over 930,000 tests have been administered. Lake County's recovery rate is 98.3%.

Cases of COVID-19 are increasing again in the United States and in Illinois. We must continue to be vigilant to prevent the spread of COVID-19. Follow the 3 Ws – wear a mask, wash your hands, and watch your distance – and get the COVID-19 vaccine as soon as it is available to you.

Region 9, which includes Lake and McHenry counties, has seen slight increases in testing positivity rates and hospitalizations over the past 30 days. ICU bed availability remains stable. Surrounding counties are seeing greater increases in testing positivity and hospitalizations, indications of potential resurgence in Illinois.

For more information on Lake County's response to COVID-19, please visit the Lake County Coronavirus website, www.lakecountyil.gov/coronavirus, and sign up for email updates from the Health Department.

COVID-19 Vaccination Updates:

Safe and effective COVID-19 vaccines are an important tool that will help us put an end to the pandemic. Lake County's goal is to fully vaccinate 80% of our population to achieve herd immunity from COVID-19. This amounts to 560,000 people receiving the vaccine. So far, over 360,000 doses of the COVID-19 vaccine have been administered to Lake County residents. Over 73% of Lake County seniors ages 65 and older have received at least one dose.

On March 23, 2021, Lake County opened eligibility for AllVax vaccination appointments to all remaining Lake County seniors registered in the AllVax system. On March 30, 2021, eligibility for all remaining frontline essential workers was opened. The Health Department has also expanded opportunities for vaccinations in Phase 1b Plus, which includes those with high risk health conditions and disabilities, as well as other essential workers.

As of April 12, 2021, everyone in Illinois age 16 and older is eligible to get the COVID-19 vaccine. Vaccine supply continues to be limited, and there are not enough vaccines at this time for everyone who is eligible. The Health Department anticipates vaccine supply will slightly increase over the coming weeks.

The Lake County Fairgrounds vaccination site now exclusively provides walk-through appointments and is no longer using the drive-through format. This change enables the site to provide more vaccinations daily.

o All three COVID-19 vaccines authorized in the U.S. (Pfizer, Moderna, and Johnson & Johnson) are provided at this site based on the supply available. The Health Department is not able to provide choice of brand for your first dose.

Residents are urged to receive whatever vaccine is available to them to protect themselves and others. All three authorized vaccines are safe and extremely effective.

The Regional Vaccination Site at 102 W. Water Street, Waukegan opened on April 1, 2021, with support of the Illinois National Guard. This site offers drive-through and walk-through appointments, and predominantly provides Johnson & Johnson vaccine, as

supply allows. Appointments are required through AllVax.

The Health Department has partnered with Baxter and Curative to open a vaccination site in Round Lake Beach starting April 20, 2021. At its full capacity, this site will be able to vaccinate 5,000 people per day, the largest site in Lake County. Additional partner sites are also opening throughout the county. For more details, visit the Health Department's website, lakecountyil.gov/vaccine.

The Health Department encourages people to explore their options for COVID-19 vaccination and take the first available appointment they are eligible for. There are four ways to access the vaccine:

1. Registering and being notified of appointment availability in the AllVax system; AllVax.lakecohealth.org. Residents who need assistance registering can call (847) 377-8130 or email AllVax@lakecountyil.gov;
2. Using the State's Vaccine Locator website that lists pharmacies and other public sites at coronavirus.illinois.gov;
3. Checking with your healthcare provider for registration and availability – most health systems are reaching out to existing patients and cannot accommodate people calling to inquire about appointments at this time; and
4. Community vaccination sites are opening and are listed on our website as they become available – lakecountyil.gov/vaccine.

Water Well Testing:

The Health Department is offering a reduced well water testing fee for homeowners who use well water as their primary source of drinking water. Between April 12 and April 23, 2021, the normal \$18.00 fee for testing for bacteria and nitrates will be reduced to \$14.00. Approximately 90,000 Lake County residents rely on groundwater to supply their private wells. Well owners should do annual water testing and well maintenance to help protect their families from waterborne illness.

Sterile test bottles and sampling instructions are available at the Lake County Central Permit Facility, the Health Department's headquarters, and 19 township or municipal offices located throughout Lake County. To find a location nearest you, call (847) 377-8020 or visit <https://www.lakecountyil.gov/726/Water-Wells>. Water sampling kits can also be mailed for \$18.00.

All collected water samples must be brought to the Lake County Central Permit Facility between 8:00 a.m. and 3:30 p.m., Monday through Thursday. Results of water samples are ready for homeowners in approximately three business days.

For further information on water testing, contact the Health Department at (847) 377-8020, or send an email to HealthEHS@lakecountyil.gov.
