

For the purposes of the scope:

- Column I services are provided directly by LCHD/CHC;
- Column II services are provided contractually with LCHD/CHC paying for the services;
- Column III services are provided through a contractual, referral relationship where LCHD/CHC does not pay for the service.

Service Item	Current Status	New Status (Proposed)	Explanation
Intrapartum Care (Labor & Delivery)	Column I	Column III	LCHD/CHC's current Obstetrics and Gynecology physicians, Idries Abdur Rahman, M.D. and Jamil Abdur Rahman, M.D., deliver LCHD/CHC patients at the hospitals where they have privileges. Drs. Abdur Rahman bill and collect revenue from the insurance provider for LCHD/CHC patients (i.e., Health Center DOES NOT pay) thus the service should be reflected in Column III, not in Column I.
