

For the purposes of the scope:

- Column I services are provided directly by LCHD;
- Column II services are provided contractually with LCHD paying for the services;
- Column III services are provided through a contractual, referral relationship where LCHD does not pay for the service.

Service Item	Current Status	New Status (Proposed)	Explanation
Case Management	Column I and Column III	Column I	LCHD has a contract with Catholic Charities to provide substance abuse services for patients eligible for the Ryan White grant. This was classified as Column III services. As this contract is only applicable to patients eligible for the Ryan White grant, it needs to be removed from Column III. Column I Case Management remains as LCHD directly provides case management services to all FQHC patients.
