### **Amendment #2**

**Amend 151.112/Use Standards to read as follows:**

(ZZ) Wildlife rehabilitation facilities. This use shall be allowed only by a delegated conditional use permit. Setbacks, screening, and noise abatement requirements shall be addressed as part of the conditional use permit. The following standards shall apply:

- The use shall be subject to the site capacity/site plan review procedures of § 151.070. Site capacity/site plan review shall be conducted concurrently with any required conditional use permit review.
- The site shall contain a minimum of 80,000 square feet.
- All structures containing rehabilitation activities shall be set back a minimum of 30 feet from all property lines.
- When adjacent to a residential use, all structures containing rehabilitation activities shall be separated from the residential use by providing landscaping consisting of one plant unit per every 100 linear feet. Additional site-specific screening may be required by the Zoning Board of Appeals as a condition of approval.

(5) Wildlife education shall be allowed as an accessory use to a wildlife rehabilitation facility that is classified as a principal use only if expressly approved as part of the conditional use permit application. Limits on attendance, hours and days of operation, and frequency of programming shall be addressed as part of the conditional use permit.

(6) State and federal wildlife permits shall be obtained as required by law.

COMMENTARY: Rehabilitation shall be limited to wildlife species allowed under the permit holder's applicable state and federal wildlife permits and shall not include species that are not naturally found living in the wild within the United States or that may be considered to be an exotic species.
