Ordinance amending water and sewer related rates for certain Lake County systems.

- The rate ordinance establishes all water and sewer user rates and connection fees for the County's water and sewer systems.
- The ordinance is revised periodically to modify rates and fees, as necessary.
- This proposed ordinance adds a new section (1e) that lists system surcharges that are applied to water/sewer bills.
- These surcharges are not new, but are simply being added to the rate ordinance to clarify and list surcharges previously approved by the County.
- The proposed ordinance also increases the South Central sewer rate from \$39.68 to \$41.76 per month for un-metered sewer users and from \$4.96 to \$5.22 per 1,000 gallons for metered users, as a result of increases by the Village of Libertyville.
