### Ordinance Amending Certain Prior Rate Ordinances for the Use and Service of Certain Waterworks and Sewerage Systems of the County of Lake in the State of Illinois.

- The Rate Ordinance establishes all water and sewer user rates and connection fees for the County’s water and sewer systems.
- The Ordinance is revised periodically to modify rates and fees, as necessary. This proposed Ordinance revision includes three items.
- Establishes the new Hawthorn Woods - Glennshire water rate as \$5.33/1,000 gallons, which includes the cost of purchasing water from Aqua, Inc. at \$2.10/1,000 gallons.
- Establishes the new Riverside Preserve sewer rate as \$56.60 per RCE per month. Riverside Preserve is a residential subdivision in Mettawa. The new rate is higher compared to other rates because of the size of the homes and because we are required to maintain individual grinder/lift stations for each home.
- Increase each of the three NEC connection fees by \$40 to reflect the NSSD annual connection fee change.
