Joint resolution authorizing an intergovernmental agreement with the Lake County Forest Preserve District (LCFPD) for utilization of Lake County records/cad/mobile systems.

- The Lake County Forest Preserve District as part of the Integrated Justice project has chosen to become a jurisdiction on the Lake County Sheriff's Office Records Management (VisionRMS), Computer Aided Dispatch (VisionCAD) and VisionMobile servers.
- Jurisdictions purchase their own server and client licenses to maintain the products used as well as maintain their own data on the servers. Data can be shared based upon rights each jurisdiction chooses to provide.
- There exists sufficient space on the servers to host the Lake County Forest Preserve District as a jurisdiction and this integration will prove beneficial to both parties.
- The Lake County Forest Preserve currently reimburses the County $60,000 for dispatch services from the Lake County Sheriff's Office.
- The Lake County Forest Preserve District governing board has signed the IGA and awaits our resolution.
