Joint resolution approving an Intergovernmental Agreement with the Village of Lake Villa (Village) for the Lake County Planning, Building and Development (PBD) department to provide building inspection and plan review services for the Village.

- The Village has a need for building inspection services and building plan reviews. This agreement will allow for the PBD department to perform inspections and plan reviews requested by the Village. Payment for Lake County services uses the same hourly rate method as used in our other intergovernmental agreements.
- Due to increased field operation efficiencies, the Village's convenient geographical location, and other anticipated capacity, the Department can continue to utilize existing staff to assist the Village. This arrangement will allow staff to maintain the current level of service with the Department's other clients and cover all departmental costs associated with such services to the Village.
- The Village will work with the County within the County's shared Land Management System, Tyler Energov.
