Legislation Text

File #: 13-0454, **Version:** 1

Discussion of CDC Meeting Location Options

- Staff was given direction from CDC Executive Committee to research guidelines for the mandates related to meeting location for CDC meetings.
- The CDC by-laws state that "Meetings shall be held on the tenth floor of the County Building, Waukegan, unless some other place is designated for good reason."
- The Citizen Participation Plan does not have specific direction on where meetings are to be held, only how the public is informed. The CPC does mandate that if two public hearings are required, as with the Annual Action Plan, that they be held in two locations.
