Joint resolution authorizing an emergency appropriation in the amount of \$20,000 for health insurance benefits in the Vital Records Automation Fund.

- The amount budgeted in the Fiscal Year (FY) 13 Budget for health insurance benefits for employees funded by the Vital Records Automation Fund was based on the coverage of those individuals at the time the budget was prepared.
- Of the three employees, only two elected coverage.
- The third employee has since begun coverage and therefore, additional funds must be appropriated to cover this unbudgeted amount.
- Sufficient funds are available in the fund balance for appropriation of the additional \$20,000 in health benefits.
- This resolution appropriates funds in Fund 262 Vital Records Automation for additional health-life-dental benefits in the amount of \$20,000.
