Joint resolution authorizing the execution of a 2010 Restated and Amended Agreement for Sewage Disposal with the Lakes Region Sanitary District.

- The County and the Lakes Region Sanitary District (LRSD) entered into an agreement for sewage disposal services within the Northwest Lake FPA on November 16, 2004.
- The term of this agreement is for 30 years and is still current, however a restated agreement has been negotiated to expand and modify respective sewer related obligations between the parties.
- This new restated agreement incorporates many modifications to promote and provide for the efficient and economical use of costly public infrastructure and address long term compliance issues in response to excessive inflow/infiltration, odor control, fats oils and grease, pretreatment coordination, externality fee, and coordination of regional system operations.
- Coordination with the Village of Fox Lake as the provider of regional treatment services within the Northwest Lake FPA has been integral in the development of provisions for this wholesale sewage agreement.
- This resolution authorizes the execution of a 2010 Restated and Amended Agreement for Sewage Disposal with the Lakes Region Sanitary District.
