The budget period is July 1, 2018-June 30, 2019 and the project period is one year. The project will expand and strengthen LCHD/CHC's existing Medication-Assisted Treatment (MAT) program by providing funding for the delivery of Vivitrol, a MAT medication, to the uninsured population. Grant funds will be used to purchase the medication. LCHD/CHC will also receive a payment per injection to support the staffing costs associated with providing the medication. These payments will be used to offset existing program costs.
