Illinois Department of Public Health - Local Health Department Overdoses Surveillance and Response - \$60,000 - Kritz

The Illinois Department of Public Health has awarded the Lake County Health Department and Community Health Center (LCHD/CHC) a grant in the amount of \$60,000 for the period April 15, 2019 to August 31, 2019. These funds will be used to support the planning and development of an Opioid Response Plan for Lake County. Per the funder, LCHD/CHC is anticipating a 3-month extension to the grant period making the true end date November 30, 2019. Appropriation is unbalanced as the majority of grant dollars will be used offset existing salary and fringe benefit dollars.

To approve the funding of \$60,000 from the Illinois Department of Public Health to support the Local Health Department Overdoses Surveillance and Response program.
