Joint resolution authorizing execution of an Agreement for Sewage Disposal Services for the area of the Wynstone Subdivision with the Village of North Barrington and the Village of Lake Zurich.

- The Public Works and Transportation Committee gave approval on April 2, 2008 to proceed with development of an agreement to provide sewage disposal services to the Wynstone Property Owners Association (WPOA).
- An agreement has been developed that provides for WPOA constructing the sewage facilities, the Village of North Barrington owning the facilities and the Village of Lake Zurich transporting the sewage to the County's Des Plaines River Water Reclamation Facility.
- The agreement contemplates that the WPOA continue to operate their current spray irrigation wastewater treatment system and allow discharges up to 100,000 gallons per day into the transportation and treatment systems of Lake Zurich and the County.
- The system would serve 230 residences, approximately 135,000 square feet of commercial office buildings and a clubhouse with restaurants and commercial areas, all within the Village of North Barrington.
- The agreement also contemplates that this system would be used as a regional sewage system that could be used to serve properties in Lake Zurich, Hawthorn Woods or unincorporated Lake County.
- This resolution authorizes execution of an Agreement for Sewage Disposal Services for the area of the Wynstone Subdivision with the Village of North Barrington and the Village of Lake Zurich.
