Joint resolution accepting the Illinois Department of Public Health grant and authorizing an emergency appropriation in the amount of \$65,937 for the Public Health Emergency Preparedness Grant.

- The \$65,937 Illinois Department of Public Health grant will help to fund the Public Health Emergency Preparedness Grant that will be used to purchase medication for Lake County's emergency stockpile, provide training supplies and help maintain emergency management equipment.
- The \$65,937 in additional grant funding has not been previously appropriated because the grant resources were secured after the County's adoption of the FY17 budget.
- The grant award will be for the period July 1, 2016 through June 30, 2017.
- The \$65,937 in grant money will assist the Lake County Health Department and Community Health Center in securing stockpile antibiotics like Ciprofloxacin (CIPRO) and Doxycycline (Doxy), as well as paying for maintenance on emergency management equipment like the Identisys ID machine to provide identification for employees, volunteers, consultants during an exercise or actual event.
