Resolution delegating representative selection of ServicePoint coordinating council.

- In order to effectuate a governance structure to set and enforce policies for the use of the system. Lake County Board approved the creation of a ServicePoint Coordinating Council (SPCC).at its May 8, 2018 meeting.
- The SPCC will be comprised of two representatives of four different uses of ServicePoint: 1) Homeless Management Information System (HMIS); 2) Coordinated Entry (a centralized waiting list for permanent supportive housing); 3) Service coordination between community agencies; and 4) www.Findhelplakecounty.org.
- These four uses are led by 1-2) Lake County Coalition for the Homeless, 3) Lake County Board and its Housing and Community Development Commission (HCDC), and 4) United Way of Lake County.
- As SPCC is not a government body but a standing work group to coordinate and resolve disputes between different uses of ServicePoint and to respond to requests for data-sharing, it is requested that the Lake County Board delegate selection of Lake County's two SPCC representatives to its HCDC.
