Ordinance amending water and sewer related rates for certain Lake County systems.

- The Rate Ordinance establishes all water and sewer user rates and connection fees for the County's water and sewer systems and is modified from time to time.
- This Ordinance modification increases all retail and wholesale rates in accordance with section 51.20 of the ordinance, which establishes an automatic two percent increase.
- There are two exceptions to the automatic two percent increases that are based on pass-through treatment service increases.
- The Northeast Central retail service area sewer rate is being increased from \$7.02 to \$8.08 per 1,000 gallons as a pass through increase in sewage treatment costs by the North Shore Water Reclamation District. The Green Oaks wholesale sewer rate is being increased from \$4.64 to \$5.93 per 1,000 gallons as a pass through by the Village of Libertyville.
- The new retail rates will become effective December 1, 2018, the new wholesale rates will become effective January 1, 2019.
