Resolution approving the 2019 Lake County Legislative Agenda.

- Annually, the County develops a list of legislative priorities that are submitted to legislators representing Lake County.
- The County's 2019 Legislative Agenda seeks to:
 - Amend the process through which a county can seek immediate injunctive relief to authorize the removal of hazardous materials from an abandoned or otherwise uninhabitable structure or property.
 - Amend the Illinois Counties Code to increase the agricultural zoning exemption acreage from five acres to 20 acres for unincorporated parcels for animal husbandry (excluding equine activity) within or adjacent to residential zoning districts.
 - Amend the Election Code to mandate non-attendance day for schools that serve as election polling sites.
 - Amend the Illinois Vital Records Act to require that fetal and stillbirth death records be reported through the electronic Illinois Vital Records.
 - Identify legislative and operational changes that simplify the process for driver's license reinstatement for indigent individuals who have committed non-moving violations.
 - Identify viable legislative solutions and/ or operational changes - through a statewide working group - that provides remedies that limit the financial and operational impact of unfunded mandates such as JULIE on local governments.
- The Legislative Agenda also identifies bills and issues of interest to the County for support, opposition, or monitoring.
