6/26/2019	1	Energy & Environment Committee	discussed	

Discussion of Clean Air Policies.

- Public comment has been provided at previous committee meetings about the negative health affects of leaf burning in Lake County. This has resulted in a broader research project related to clean air regulations.
- The committee's workplan includes a component to explore options to strengthen clean air regulations.
- The presentation focuses on the research staff has conducted, in addition to a discussion regarding next steps.
