Discussion: Grant Performance Update (October 2019)

- The Grant Performance Update policy, which was adopted on February 11, 2014, is meant to provide a framework for reporting of certain programs or projects funded with federal dollars.
- The Policy delineates the elevation procedure for troubled projects, the final stage of which is notification of the Housing & Community Development Commission (HCDC).
- This October Update contains three projects discussed previously in the January 2019 Grant Performance Update when they became faced by significant delays.
