Resolution authorizing an emergency appropriation in the amount of \$169,959 of Coronavirus State and Local Fiscal Recovery Funds (CSLFRF) as part of the American Rescue Plan Act (ARPA) for Pandemic Health Navigator Technology licensing for one year in Fund 746 ARPA Fund.

- The ARPA was signed into law on March 11, 2021. On May 19, 2021 the County received \$67,646,879, half of the amount the County will receive in total from the US Treasury.
- The funds can be used for needs associated with public health, to counteract negative economic impacts, provide services to disproportionately impacted communities, for infrastructure, to provide premium pay, for governmental operations in an amount equal to lost revenue, and for administrative purposes during a period from March 3, 2021 to December 31, 2024.
- There are extensive reporting, compliance, performance metrics, equity and evidence-based reporting requirements for ARPA spend in a specific format required by the U.S. Treasury.
- The Health Department received a grant from the Illinois Department of Public Health (IDPH) that has been extended to June 2022 for a COVID-19 Pandemic Health Navigator Program which uses navigators to help prevent transmission of COVID-19 through education and outreach, coordinating resources, and providing contact tracing support. In order to do this, the navigators must have licenses for the Salesforce/AllVax system.
- It is anticipated that this expense will be covered under a direct expense category for Public Health purposes.
- Authority to spend appropriated funds and execute any and all agreements with partners related to this allocation and distribution of Coronavirus State and Local Fiscal Recovery Funds is delegated to the County Administrator or his designee(s).

RESOLUTION

WHEREAS, the Health Department has requested that the Salesforce/AllVax system licensing for the Illinois Department of Public Health grant-funded Pandemic Health Navigators be funded for the next year from the County's allocation of ARPA funds; and

WHEREAS, Lake County received ARPA funds from the federal government to help support Lake County recover from and respond to the negative impacts caused by this and future pandemics; and

WHEREAS, the American Rescue Plan Act (ARPA) guidelines allow for Public Health expenses; and

WHEREAS, the amount of \$169,959 shall be emergency appropriated in the Public Health direct expense category.

NOW, THEREFORE, BE IT RESOLVED, that an emergency appropriation in the amount of \$169,959 is hereby authorized in Fund 746 ARPA Fund in account 746-1000063-71230 (Public Health - software and online services) to fund costs associated with licenses for Pandemic Health Navigators; and

BE IT FURTHER RESOLVED, that the authority to spend funds in accordance with the appropriated budget and to execute any and all agreements related to the allocation of funds is hereby delegated to the County Administrator or his designee(s).

DATED at Waukegan, Lake County, Illinois on December 14, 2021.
