Joint resolution adopting the 2022-2027 Transportation Improvement Program.

- Illinois Road and Bridge Laws (605 ILCS 5/5-301) require County Engineers of the State of Illinois to annually prepare an updated five-year Transportation Improvement Program (TIP).
- The five-year TIP is a planning document that serves, in part, as the scheduling component of the Lake County 2040 Transportation Plan and is intended as a guide for future improvement and maintenance.
- The County Engineer and Division of Transportation's staff have prepared the 2022-2027 Transportation Improvement Program and the County Engineer presented the program to the Public Works, Planning and Transportation Committee on June 8, 2022.
- The 2022-2027 TIP aligns with the County Board Strategic Plan adopted in July 2019, including the Strategic Goal: Improve Infrastructure.
