CQI Update - Hayes

The UDS Clinical Quality Indicator dashboard is attached. The blue bars indicate current health center performance. The green bars indicate health center performance for 2022. Performance continues to trend upwards in the areas that have been focused on for improvement, including colorectal cancer screening, dental sealants and childhood weight assessment and counseling. In 2023 we will continue to focus on these measures as well as improving hypertension control and breast cancer screening.

None, for information only.
