Preliminary 2017 Housing & Community Development Action Plan

- Based on last month's Community Needs Hearing and plan-to-date accomplishments, this preliminary Annual Action Plan for PY2017 (May 1, 2017 to April 30, 2018) contains proposed shifts in funding allocations to ensure that all ten goals can be met in this five-year (2015-19) period.
- This proposed 2017 Action Plan is based on the 2017 Community Needs public hearing, the public discussions at the April 2016 meetings of the Advisory & Recommendation Committees (ARCs) and the May 2016 meeting of the Housing & Community Development Commission.
- If approved, this preliminary 2017 Action Plan would be the foundation of the 2017 homeless assistance, housing, public improvements and public services application rounds. Actual activities and individual funding awards would be finalized in public meetings and public hearings during the January to March, 2017 timeframe.
