Environmental Health Advisory Committee Appointment - Pfister

Prevention Services has recruited one new member for the Environmental Health Advisory Committee (EHAC) due to the resignation of Steve Alberts, licensed septic system designer and installer. Prevention Services has received concurrence from EHAC as to the need to have a licensed septic system contractor that practices in Lake County to be appointed by the Board of Health. Chuck Pintozzi is an Illinois licensed private sewage disposal system installation contractor and designer and is the President of J.W. Trenching, Inc.

To approve the appointment of Chuck Pintozzi to the Environmental Health Advisory Committee for a three-year term, as stipulated in the Board of Health Bylaws.
