Illinois Department of Public Health (IDPH) Comprehensive Health Protection Grant - Pfister

In State FY2019, the IDPH combined seven existing grants into one bundled grant titled Comprehensive Health Protection. LCHD/CHC's bundled grant contract for State FY2019 included a total increase in funding of \$92,450 for the childhood lead, body art and pre-exposure prophylaxis programs. The grant period is July 1, 2018-June 30, 2019. Appropriation is unbalanced as grant funds will be used to offset salary and fringe expenses for existing staff.

To approve the increase in grant funding of \$92,450 from the Illinois Department of Public Health to support the childhood lead, body art and pre-exposure prophylaxis programs within the Comprehensive Health Protection grant.
