Illinois Department of Public Health (IDPH) Title X Family Planning Grant - Kritz

The IDPH has provided the Lake County Health Department and Community Health Center (LCHD/CHC) with \$98,699 in additional funding for the Title X Family Planning program. Funds are for state fiscal year 2019 which runs from July 1, 2018-June 30, 2019. The additional funding will be primarily used to offset salary and benefit costs for existing employees (\$89,699). The remaining dollars to be appropriated (\$9,000) are for new expenses including HIV screening tests and outreach supplies. This grant was originally budgeted at \$331,700. With the amendment, the total grant funding increases to \$430,399.

The Title X Family Planning program provides patients with access to comprehensive family planning services including initial/annual exams, preconception health services, pregnancy testing, sexually transmitted infection testing and counseling, and contraceptive counseling and testing. Services are delivered to both adults and adolescents. Currently, family planning services are available at five LCHD/CHC FQHC sites including Belvidere, North Chicago, Midlakes, Zion and the School-Based Health Center.

To approved \$98,699 in additional funding from the Illinois Department of Public Health to support the Title X Family Planning program.
