CQI Update - Hayes

The UDS Clinical Quality Indicator dashboard is attached. The green bars indicate health center performance for 2020. The blue bars indicate current health center performance. New measures in 2021 include HIV screening, breast cancer screening, and depression remission. Current performance has improved compared to 2020 performance for several measures, including childhood immunization, depression screening, tobacco screening, dental sealant, and breast cancer screening.

None, for information only.
