

Lake County Illinois

Legislation Text

File #: 22-1258, **Version:** 1

Presentation & discussion regarding the Single Use Plastic Prohibition and the continued pursuit of waste diversion goals.

- On December 14th, 2021, the County Board passed a joint resolution adopting a policy to prohibit single use plastics in Lake County Operations by January 1st, 2023.
- On September 8th, 2020, the County Board passed a joint resolution committing Lake County government operations to a 60% diversion rate of recyclables and organics from its own waste stream by 2030 and 90% by 2040.
- The Sustainability Program Manager has created a presentation reflecting work with vendors, partner organizations, and department staff which details methods for eliminating single use plastic from operations.
